

HEALTHCARE NOW

LOW COST | HIGH QUALITY | 24/7 ACCESS

JUST IMAGINE

Your son or daughter wakes up one morning with sudden cold-like symptoms: stuffy nose, cough, congestion or fever. You have trouble getting an appointment with your existing doctor and you don't want to miss time at work by sitting in an urgent care or ER waiting room or pay the high co-pay. Then you remember you have affordable, high quality, access to a doctor with AGORA Telemedicine. Here is how it works.

- 

Patient calls or logs on to their member portal to schedule a consultation with a physician licensed in their state.
- 

Member speaks to a Care Coordinator who will triage and update the patient's Electronic Health Record (EHR) along with all symptoms.
- 

Member consults with Physician who recommends a treatment plan. If a prescription is necessary, it's sent to the pharmacy of your choice.
- 

The doctor will update the member's EHR immediately after the consultation. The patient has 24/7 secure access to their member portal.
